

Software Available to all CUNY Campuses - Fall 1997

CUNY has either a license or a discount buying agreement with the companies below. For more information, call AIT - x4634 or the ITS Help Desk - x4188.

- Borland:** License is for software on list. To be used only on campus-owned computers, on or off campus. Special student purchase prices available.
- Corel:** "CLP Universal Academic Agreement" provides volume buying discounts to all departments, no minimum, for licenses and maintenance of all software for use on campus-owned computers as well as home computers of faculty and staff. Software and documentation also available.
- Macromedia:** Authorware Professional licensed to CUNY for use on-campus only. Upgrades and other Macromedia products available at volume discount from the reseller, Edutech.
- McAfee:** Discount purchase through individual campus agreements.
- Microsoft:** "Select" volume educational purchase plan through designated reseller. Includes software and systems licenses, documentation and media. No minimum order. Support is not included.
- Pegasus:** CUNY licenses for DOS, Mac, Windows manuals. Mail Software is public domain.
- SAS, Inc.:** Licensed for faculty, staff and faculty-sponsored student use (fee for individual use).
- SPSS, Inc.:** Licensed for departments, faculty, staff. Student on-campus computers only. Student packs available through college bookstore.
- Trumpet:** Trumpet Winsock and Trumpet for Windows licensed to CUNY campuses.
- Waterloo:** Maple (Math Computation) licensed to sites with math major in all platforms. For use on campus-owned computers, and home use of employees for university-related work. Renewal to be paid by local campuses.
- Yale U:** Software free to faculty, staff and students. Not for commercial use.
